## PROJECTS

### Portfolio

📅 2020

🌐 <http://kamilaburzynska.com>

I decided to transition from a medical profession to web development in November 2019. Skills are best learned through experience and examples so I decided to create projects that can be check on attached url link.

### Fit App

<http://fit.kamilaburzynska.com>

📅 07/2020

🌐 <http://fit.kamilaburzynska.com>

- Using React.js / Redux / Node.js / PostgreSQL / Highcharts / Bootstrap / Tailwind starter kit
- User registration/login/ calculating BMI, calorie intake, and showing the air quality/ creates healthy meal plans/ provides recipe suggestions based on user-defined ingredients/ suggesting random recipes and more
- Check up GitHub READ ME for more informations or just click in the link to see <http://fit.kamilaburzynska.com>

### Movie portal

<http://movie.kamilaburzynska.com>

📅 06/2020

🌐 <http://movie.kamilaburzynska.com>

- Using React.js / Redux / Node.js / PostgreSQL
- Lets you select a random movie from the database/ displays movies by genres and shows the movie description and other interesting details/ user registration/login/ ability to add movies to favorites and later see the list

## EDUCATION

### Veterinary Medicine

**Wroclaw University of Environmental and Life Science, Poland**

📅 10/2012 - 04/2018 📍 Wroclaw, Poland

- Full address:  
Street: C.K. Norwida 31  
Postcode: 50-375  
City: Wroclaw, Poland

## SKILLS

HTML CSS SCSS ReactJs

Java Script NodeJS SQL

Python in progress

Redux VS browser DOM API

Bootstrap RESTful API

## LANGUAGES

**Polish**

Native

**English**

Proficient

**Russian**

Beginner

**Spanish**

Beginner

## EXPERIENCE

### Veterinary Surgeon

#### Medivet

📅 06/2018 - 01/2020 📍 London

Medivet is a pet-care business comprised of a community of vets, nurses and other related professionals operating a hub-and-spoke model of 18 main centres and over 300 first opinion practices.

- Experience working under pressure as sole duty vet. Treated up to 30+ patients per day. Contributed to financial growth and productivity of the clinic.
- Excellent communicator and a team player.
- Ability to understand problems and formulate appropriate solutions.
- Communicated the condition of patients to pet owners in a clear and concise way.
- Created detailed recovery plans for patients.
- Performed laboratory and surgical procedures, including spay/neuters, dental radiography and extractions, administering vaccinations and various diagnostic tests.

### Internship

#### Lviv Vet University student exchange.

📅 07/2016 📍 Lviv, Ukraine

- Learning excel spreadsheets interpretation and performing financial analysis and drafting reports on the production.
- Learning farm finances and operations management.
- Taking feedback from senior vets and constantly working on improving my skills through personal development programme.

### Internship

#### Horse and cattle ranch in Janow Podlaski.

📅 07/2013 📍 Janow Podlaski, Poland

- Planned, scheduled and monitored activities related to organic farming.
- Preparing horses for competitions.

## TRAINING / COURSES

### Zero To Mastery Course

Zero To Mastery is an online coding academy and community of developers from around the world who come to learn to code efficiently, level up their skills, get hired and advance their careers.

## PASSIONS

### Cooking/ Food

I love spending time in kitchen or just go to restaurant for good meal with wine

### Reading

"Books are a uniquely portable magic."— Stephen King, On Writing: A Memoir of the Craft

## STRENGTHS

### Passionate

### Determined

### Hard working
